

## **«Lusakert» Practical Training Center**

Students and trainee rescuers of the Crisis Management State Academy of the Ministry of Emergency Situations of the R/A are conducting their practical trainings at the Lusakert Practical Training Center in Nor Geghi Community, Kotayk Marz. The Center has been granted the academy by the RA Government Decree No 1206-N of August 25, 2011, with gratuitous use.

The total area of the territory is more than 8,000 square meters, including auditoriums, offices, outdoor and indoor gyms, a pool, a dining room, night-time rooms for 48 people and a training ground with modern training facilities for rescue work.

This complex enables to organize professional trainings, practical exercises and trainings in the following directions:

- rescue operations under the ruins and in the caverns
- rescue operations in the event of transport (air, railway, road) accidents
- rescue operations on the smoky area
- operations towards overcoming obstacles
- rope operations on the hight especially on towers
- operations towards overcoming different barriers, caves, water barriers, etc.
